Message from the Guest Editors

Dear Colleagues,

For this Special Issue, we are inviting papers in the general field of EPD as a processing technique for the development of inorganic, organic, and hybrid coatings. Topics of interest for this Special Issue include, but are not limited to:

- Novel experimental setups for EPD
- Substrate surface treatments and coatings by EPD
- Colloidal chemistry knowledge in EPD
- Microstructure design tools applied to EPD coatings
- Nanostructured coatings by EPD
- EPD for corrosion or oxidation protective coatings
- EPD coatings in biofunctionalization of surfaces
- EPD coatings in energy storage and generation devices
- EPD coatings in optoelectronic and magnetic devices and sensors
- EPD in additive manufacturing of patterns

Prof. Dr. Aldo R. Boccaccini

Author Benefits

**Open Access:** free for readers, with publishing fees paid by authors or their institutions.

**High visibility:** indexed by the Science Citation Index Expanded (Web of Science), INSPEC (IET) and Polymer Library.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 21.5 days after submission; acceptance to publication is undertaken in 6 days (median values for papers published in this journal in 2016).

Deadline for manuscript submissions:
30 June 2017
